Director, Scheduled Tribes Development Department

Smt. Resmi Prabha
Cartographer, KIRTADS

Sri. AfsalAhamed
Assistant Conservator of Forests, GIS Cell, Kerala Forest & Wildlife Department

Sri. S.Biju
Senior Clerk, Scheduled Tribes Development Department

Project Officers/Tribal Development Officers

Tribal Extension Officers

Tribal Promoters
Scheduled Tribes Development Department

DISCLAIMER

This is to state that, for the purpose of preparing this Tribal Atlas of Kerala, geographical coordinates of various assets were gathered using handheld Global Positioning System (GPS) equipment which functions based on satellite triangulation. Therefore the accuracy might vary due to satellite signal strength and interferences due to canopy and cloud cover. The boundaries of various administrative jurisdictions and other features viz., roads, streams, etc were mapped on the existing Survey of India Topo sheets (1:50000 scale). In case of legal disputes regarding boundaries/jurisdiction, the Tribal Atlas of Kerala cannot be held as a documentary evidence for adjudication.

NOT FOR SALE

GOVERNMENT OF KERALA

PINARAYI VIJAYAN

CHIEF MINISTER OF KERALA

Thiruvananthapuram
Date: 07-10-2020

MESSAGE

I am happy to note that the first ever Tribal Atlas of Kerala is being published.

At a time when focussed plan interventions for the upliftment of the marginalised communities are being done away with at the national level, Kerala is staying true to its commitment to the welfare of such sections in the State. By making budgetary allocations which are more than proportional to the population of those communities in the State, Kerala is presenting a people's alternative to planning and development.

Now, with the preparation of the Tribal Atlas of Kerala, we are hoping to further streamline our interventions, by making it a major tool for planning the Scheduled Tribe Sub plan in the future. I hope that this initiative proves to be a major milestone in the development of the Tribal communities in Kerala.

My best wishes.

PINARAYI VIJAYAN

A.K.BALAN

Minister for welfare of SC/ST & BC, Law,
Culture &Parliamentary affairs
Government of Kerala

Thiruvananthapuram
Date: 28-09-2020

MESSAGE

The Tribal Atlas of Kerala is a dream come true for those interested in the Research & Development of Tribes in particular and for the entire administration in general. It is the result of a yearlong continuous and dedicated hard work. The commitment and the motivation of the Scheduled Tribes Development Department, KIRTADS and the officers of Forest Department make me proud. I congratulate and appreciate the whole team which made the Atlas a great production. Dr. P. Pugazhendi, Director of STDD deserves a special mention.

The map in itself is a great tool for planning with all the inputs it provides at the first glance. I hope it will serve as a platform to build up the future developmental programmes for the Tribes in Kerala.

I also desire and hope that in the next stage, relevant Geographical Information Systems created by other departments could also be incorporated into this Atlas, so that it becomes a dependable tool for spatial planning in the fields like healthcare, education and connectivity under Tribal sub plan.

A.K BALAN

GOVERNMENT OF KERALA

PUNEET KUMAR IAS
Principal Secretary to Government
SC/ST & BC Department
Government of Kerala

Thiruvananthapuram
Date: 30-09-2020

MESSAGE

The Tribal Atlas of Kerala is indeed a milestone in the history of the research and development of tribes in Kerala, living in remote inaccessible locations and mapping of their boundaries, assets, resources and institutions is of paramount importance.

With the active collaboration of KIRTADS, the Scheduled Tribe Development Department has for the first time ever, produced a wonderful and authentic document, on GIS platform which provides scope for future improvements and additions. It would surely aid and accelerate the research and development activities relating to tribals in Kerala. The Forest Department, Govt. of Kerala has also contributed from its resources and repository, very valued inputs in generating this Tribal Atlas.

This would enable the Planners, a clear road map and help them use it as great tool in their planning activities and support their endeavors for holistic development of Tribals in Kerala.

Technological interventions using Geographical Information Systems (GIS) and mapping various data in a multi-layered format will go a long way in spatial planning in the fields of healthcare, education, trade & commerce, for the Tribal Development in Kerala, taking it to further greater heights.

I wish all the success to the team of all the officers and staff of the Scheduled Tribes Development Department, under the esteemed and able leadership of Hon'ble Chief Minister of Kerala, Sri.Pinarayi Vijayan ji and very well steered by the enthusiastic zeal, commitment and guidance of Hon'ble Minster for welfare of SC/ST/&BC, Law, Culture &ParliamentaryAffairs, Sri.A.K.Balan ji.

Puneet Kumar.

PUNEET KUMAR IAS

GOVERNMENT OF KERALA

Dr. P. PUGAZHENDI IFS
Director,
Scheduled Tribes Development Department

FOREWORD

Maps play a prime role in planning, management and monitoring at local, regional, national as well as global levels, as only they can provide the quintessential bird's eye view of the landscape which is critical for spatial planning. The wealth of information from maps, on one hand, provides a better understanding of land utilization aspects and on the other hand, it plays an important role in the formation of policies and programmes required for development planning.

The Scheduled Tribes Development Department is mandated with the task of ensuring welfare and development of the tribal populace of the State. The mandate however is vast and diverse, ranging from development of infrastructure and other basic amenities, providing education, healthcare, skill development and employment besides protection of their civil rights. This requires meticulous planning, implementation of schemes and monitoring in order to achieve effective service delivery. Data on the socio economic conditions of the tribes, their habitations and geographic mapping of these resources are crucial for this.

Hence the ST department, for the very first time, took up the task of mapping all the tribal settlements, assets of the Department and other relevant resources. This process was carried out over a period of one year in all the districts covering the jurisdictions of all 17 ITDP Project Officers/Tribal Development Officers and 53 Tribal Extension Officers. Asset mapping was done using handheld GPS by the field staff including Tribal Promoters and TEOs. Kerala Forest Department offered the necessary assistance in terms of providing equipment and training. The geographical coordinates so collected were mapped on the digitized Survey of India Toposheets in 1:50000 scale using licensed ARC- GIS software. Other essential layers namely district boundaries, roads, river and streams were procured from the GIS cell of the Forest Department and incorporated.

The resultant maps were systematically verified several times involving officers of the Department from various tiers. Here arrives the final product, the fruit of all our hard work, the first ever TRIBAL ATLAS OF KERALA. The Atlas contains mainly three parts: general maps of the State, maps of administrative jurisdictions of all PO/TDOs and TEOs incorporating Panchayat and Block boundaries including locations of all institutions of the Department, and Tribal community-wise maps. Spatial distribution of settlements of Particularly Vulnerable Tribal Groups are also included in this Atlas.

I appreciate the efforts of the entire team and I am extremely proud and happy to bring out this Atlas which shall serve the Department in the years to come as a crucial planning and monitoring tool.

Dr. P. PUGAZHENDI IFS

ACKNOWLEDGEMENTS

The Tribal Atlas of Kerala 2020 is an unique first attempt to map the spatial distribution of the tribal communities living in Kerala and the administrative assets of the Scheduled Tribes Development Department. This Geographic Information System based mapping of the institutions and hamlets would not have been possible had it not been for the services rendered and support given by several individuals in various capacities. Hence it is only appropriate to express our gratitude to all of them.

Firstly, the project team would like to place on record it's immense gratitude to the Hon. Chief Minister of Kerala, Sri. Pinarayi Vijayan for his blessings and the Hon. Minister for SC/ST and BC welfare, Law, Culture and Parliamentary Affairs, Sri. A.K.Balan for his guidance and blessings.

Secondly, we are thankful to Sri. Puneeth Kumar, IAS, PrincipalSecretary, Scheduled Castes and Scheduled Tribes Development Department (SCSTDD) and Sri. Biswanath Sinha, IAS, former Principal Secretary, SCSTDD for their encouragement and support for carrying out the project.

In order to facilitate implementation of this project, a digital database was generated with the technical support of Kerala Institute for Research, Training and Development Studies of Scheduled Castes and Scheduled Tribes (KIRTADS). In fact, the entire GIS mapping, designing and page setting were carried out by the able hands of Smt. Resmi Prabha, Cartographer, KIRTADS who deserves a special thanks. Dr. K.S. Pradeepkumar, Deputy Director (Training), KIRTADS also needs to be thanked for his support.

The project team is grateful and deeply indebted to Sri. P.K. Kesavan, IFS, Principal Chief Conservator of Forests and Head of Forest Force for his magnanimity and willingness to share the resources of KFD for this purpose. We are thankful to Sri. Afsal Ahamed, Assistant Conservator of Forests and other staff in the Geo-Informatics Centre, Forest Headquarters, Kerala Forest and Wildlife Department for the base maps and other data supplied by them and their support by way of technical consultation.

The Project Officers/Tribal Development Officers, Tribal Extension Officers and the Tribal Promoters of the ST department were instrumental in gathering the geographical information regarding all the assets of the department using handheld GPS. This enriched and enabled us to create such a powerful spatial tool for planning and administration. So, each and every one of them deserve to be thanked.

Last but not the least, the project team would like to thank the Almighty and all those who were directly or indirectly involved in successfully implementing this project.

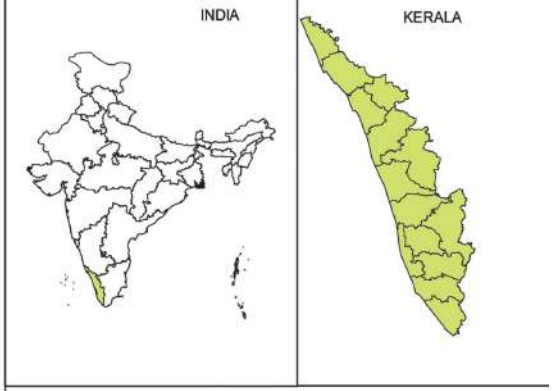
44. Maratti

Scheduled Tribes Development Department
Thiruvananthapuram



NOTE

1. As per the SC/ST orders(Amendment)Act 2002, communities such as (kotta,Kammara,Konda Reddies,Konda kapus and Maratti) have been excluded.Two communities Palliyan and Palliyar are clubbed with Paliyan.
   As per the GO no.06/2014 SCST DD Dated 21/9/2014 Maratti was included in the ST list
2. There are entries in the list which have identical nature.
   2.1 Malai Arayan , Mala Arayan and Malayarayr are one and the same community.
   2.2 Kochuvelan and Ulladan are also one and the same community.
   2.3 Kattunayakan,Ten kurumban,jenukurumban are also one and the same community.
3. Kadar is a PVTG in Kerala. However, Wayanad Kadar is a distinct community which has not been recognised by Government of India as a PVTG.
4. Out of the three communities,namely; Muthuvan,Mudugar and Muduvan, Muduvan could be considered as a synonym of Muthuvan community. But Mudugar is a seperate community found in Palakkad district.
